

Opening May, 2008

Care with respect, it's about you.

We are delighted to announce the opening of Phase 2 of our established Complex Care Centre May, 2008. This modern addition complements our existing Assisted Living and Care Services. Accommodations will focus on a variety of specialized care options. Belvedere Care Centre is diligent in exploring and providing innovative responses to the care needs of seniors consistently focusing on their well-being.

The following services are available:

- Dementia care supports - from early to late stages
- Palliative care
- Therapeutic and Rehabilitation Care
- Chronic care
- Independent living for persons with physical disabilities
- Diabetes management
- Wellness program to reduce admission to hospital
